

## **Devesys Technologies Signs TrakWeb™ License Agreement with Large Accountancy Firm**

MADISON, WI, April 10, 2012 - Devesys Technologies, Inc. (DTI) is pleased to announce that it has signed a software license agreement with the U.S. arm of one of the four largest international accountancy and professional services firms to upgrade its current TrakEnterprise® 6.6 platform to a TrakWeb™ case management system.

"We are extremely pleased to deploy our latest version of TrakWeb with one of the world's leading companies. They will use TrakWeb for case tracking, management and reporting enterprise solutions," said Jim Preysz, President of DTI. "They had been using earlier versions of our software since 2002."

This upgrade includes software licenses for twenty-five TrakWeb users plus HR data lookup to populate employee data fields, in-place encryption of sensitive content, a call intake/interface report, and tools to migrate existing legacy data and import data from a helpline. Users will include Ethics and Compliance, Privacy, Corporate Security, and Special Investigations personnel.

"We are extremely pleased to continue our long-standing relationship with this valuable client", said Jim Preysz, President of DTI. "This extensive upgrade puts them on the cutting edge of case tracking and investigation enterprise solutions, and we anticipate many of our clients will follow suit with this upgrade path in the coming months."
