

## **A Global Technology Company Chose Devesys Technologies to Upgrade Case Management System to TrakWeb™**

MADISON, WI, February 26, 2015 - Devesys Technologies, Inc. (DTI) is pleased to announce that it has upgraded the Devesys desktop TrakEnterprise® platform behind the client's firewall to a TrakWeb™ case management system, including data migration and hotline import service.

"We are extremely pleased to deploy our latest version of TrakWeb with one of the world's leading companies. The Global Ethics and Business Practices office uses TrakWeb for case data collection, tracking, management and reporting," said Jim Preysz, President of DTI. "They had been using earlier versions of our software since 2004."

### About Devesys Technologies, Inc.

Devesys® has been providing case management, tracking and reporting systems since 1995 for a wide variety of functional areas, such as Ethics, Compliance, HR, ER, Security, Legal, Privacy, and Audit. Its industry-leading analytical tools and reporting capabilities have long been used by many Fortune 500 companies. Devesys has won strong praise for outstanding tracking systems that are easy to use and maintain, and for their responsive support team. TrakEnterprise® and TrakWeb™ are highly configurable, adaptable, and scalable. See more at <http://www.devesys.com/>.
