

## **Energy and Utility Holding Company Selects Devesys Technologies to Upgrade Its Case Management**

MADISON, WI, April 6, 2011 – Devesys Technologies, Inc. (DTI) is pleased to announce that it has signed a license agreement to upgrade a diversified energy and utility holding company's current case management system to the enhanced industry-standard TrakEnterprise 6.7.

This upgrade includes an additional twenty user licenses, HR data lookup, in-place encryption of sensitive content, and tools to import data from an MS Access legacy database and MS Excel spreadsheets. Users will include personnel in the Ethics and Compliance Department and investigators from various departments.

"We are extremely pleased to continue our long-standing relationship with this excellent company," said Jim Preysz, Vice President of DTI." This extensive upgrade to the .NET platform puts them on the cutting edge of case tracking and investigation enterprise solutions and we anticipate many of our clients will follow suit with this upgrade path in the coming months."

### About Devesys Technologies, Inc.

Devesys® has been providing case management, tracking and reporting systems since 1995 for a wide variety of functional areas, such as Ethics, Compliance, HR, ER, Security, Legal, Privacy, and Audit. Its industry-leading analytical tools and reporting capabilities have long been used by many Fortune 500 companies. Devesys has won strong praise for outstanding tracking systems that are easy to use and maintain, and for their responsive support team. TrakBasic® , TrakEnterprise®, TrakWeb™ and the Security Tracking System are highly configurable, adaptable, and scalable. See more at <http://www.devesys.com/>.
